

Stock/Mutual Fund Transfer Information

Gifts of securities are accepted in person, by mail, or by electronic transfer. It is suggested that the donation be transferred via wire to the Be The Match Foundation gift clearing account at the brokerage firm listed below. Neither losses nor gains realized by the foundation's sale of securities after their receipt (nor brokerage fees) will affect the value reported of the gift.

Be The Match Foundation will accept publicly traded securities as outright gifts or as payments toward pledges or life income gifts. In accordance with IRS regulations, such gifts will be valued at the mean market value on the date that the gift is received. The gift date of a security donation is the date the stock is surrendered to the foundation. In the case of an electronic transfer, the gift date is the date the securities appear in the foundation's account. If the securities are mailed directly to the foundation, the security is valued as of the postmark date.

Closely held securities may be accepted by Be The Match Foundation with the prior approval of the Foundation President. Closely held stock exceeding \$10,000 in value will be valued and recorded at the fair market value placed on it by a qualified independent appraiser as required by the IRS for valuing gifts of non-publicly traded stock. Gifts of closely held stock of \$10,000 or less will be valued and recorded at the per-share cash purchase price of the most recent transaction.

If it is your intention to donate shares to Be The Match Foundation, you will need the following information:
