This is an Interim Standard for Section 4.0000 of the 22nd Edition of the NMDP Standards: *Criteria for Participating Cord Blood Banks*. Change is noted in italics.

Please note this interim standard and make any updates to your facility's policies, procedures or processes.

All changes will be incorporated with the next edition in the scheduled course of review.

Interim Standard

Effective Date: October 1, 2014

4.4100 Bank shall use the following facilities for NMDP activities:

4.4130 Cord blood sites accredited by CMS or other organizations with deemed status, or non-U.S. equivalent and*/or birth centers accredited by the Commission for the Accreditation of Birth Centers (CABC).*
